

Bergen TCTA Members and Associate Business Members:

Please support the Bergen TCTA Food Drive by bringing some items from the list below to our quarterly meeting. All donations of food, supermarket gift cards, and cash will be brought to the Englewood location of the Center for Food Action (CFA). Diane Holden's car will be parked at the entrance of Seasons and will be the collection point for donations. Thank you!

When you give to the Center for Food Action, you know your charitable dollars are going directly to providing food and housing assistance to your neighbors.

Giving locally improves the quality of life for those in need and helps to build a stronger local community.

CFA Always Needs...

FOOD - HOUSING - HEAT - UTILITIES

Your neighbors come to CFA during times of crisis. Many of our clients are working people who are experiencing hard times because they earn too little to make ends meet.

The economy has left many people seeking work or working fewer hours. Some have chronic illnesses or are facing a sudden illness. Others are seniors who, after years of working, are now struggling to get by on a fixed income. Nearly half of our clients are children.

CFA's goal is to give clients immediate assistance to put food on their tables and keep a roof over their heads, to keep their heat and lights on and to give them the tools they need to address underlying problems.
